They shall not form part of the Contract with a Trader or be treated as a description of the services and/or Materials unless expressly stated in writing to be such in the Contract. No Materials are sold by sample.

2. PRICE

- 2.1 Unless otherwise agreed by the Company in writing, the Contract Price for the Materials, whether delivered to or collected by the Trader, shall be calculated by reference to the prices set out in the Trader's Price List applicable to the Trader, current at the time the order is accepted by the Company. The Contract Price for any order which is made by reference to weight or volume only shall be calculated accordingly. In any case where there is no applicable Trader's Price List, the Contract Price for the Materials, whether delivered to or collected by the Trader, shall be determined by reference to the price(s) set out in the quotation given by the Company.
- 2.2 The Contract Price may be increased or decreased at any time by the Company upon giving to the Trader at least one month's notice in writing. - 4.2 Time for payment shall be of the essence and notwithstanding any other provision of the Contract all sums owing to the Company under the Contract shall become due and payable immediately on its termination.
- 4.3 The Trader shall make all payments due under the Contract without deduction for set off, counterclaim, abatement or otherwise.

The Trader shall pay the interest together with the overdue amount.

5. DELIVERY/COLLECTION

- 5.1 The Trader shall ensure that the Company has reasonable prior notice of the required time and date of delivery or collection, and where the Materials are being delivered, that the Company (or its agent or contractor) is given sufficient particulars of the Delivery Destination and in the case

of orders which exceed the Trader's available silo storage capacity, indicative times for delivery of given amounts of the Materials to ensure that the Company is able to deliver the Materials without returns.

- 5.2 If the Company is unable to deliver Materials because of inadequate instructions or insufficient silo storage capacity of the Trader at the Delivery Destination, or the Trader fails to take or permit delivery of the Materials, or the Trader's failure to obtain appropriate licences or authorisations prevents or delays delivery, Delivery shall be deemed to take place at the time when the Company has tendered delivery of the Materials or made them available for Collection.
- 5.3 Where the Trader is to collect the Materials the Trader shall:

- 5.4 Subject to Clause 5.5 delay in making Materials available for collection by the Company or a Third Party will not entitle the Trader to refuse to take delivery or terminate this Contract.
- 5.5 The Company may terminate the Contract if there is a material delay or failure to collect the Materials. For the purposes of this Clause 5.5, "material delay or failure" means a delay or failure of the Trader to collect, manage or move Materials from Site which (a) has a serious effect on the benefit the Company or a Third Party Trader would otherwise derive from a substantial portion of this agreement or (b) is a continuing or repeated delay or failure.
- 5.6 The Company shall use reasonable efforts to comply with any time or date agreed by the Company for delivery of the Materials, but any dates and times are intended for guidance purposes only and shall not be of essence, and shall not be capable of being made of the essence by notice from the Trader. If no times or dates are agreed, the Materials shall be delivered to the Trader within a reasonable time of the acceptance of the order.
- 5.7 The Company may deliver the Materials by separate instalments and each instalment shall be invoiced and paid for in accordance with the Contract. Each instalment shall for the purpose of delivery be treated as a separate supply and a failure to deliver any instalment or any claim by

the Trader in respect of any instalment shall not entitle the Trader to repudiate, cancel or terminate the Contract.

- 5.8 The Company, its agents and/or contractors shall not be obliged to deliver any Materials to the Delivery Destination if the Company or its agents or contractors suffer failure of any of the safety equipment designed for use in the course of delivery by the Company, its agents or contractors; or where the access to the Delivery Destination, equipment at the Delivery Destination (including the silos) or onsite manoeuvrability of the Delivery Destination is unsuitable, hazardous or inadequate for the proper and safe unloading of the Materials, or where personnel at the Delivery Destination are rude, offensive or abusive to the Company's employees, contractors or agents. The Trader shall indemnify and keep the Company indemnified against any Losses arising from the access to the Delivery Destination, equipment at the Delivery Destination or onsite manoeuvrability of the Delivery Destination being unsuitable, hazardous or inadequate or the Trader's personnel being rude, offensive or abusive.
- 5.9 The Trader shall ensure that the Delivery Destination complies and continues to comply with the Company's inspection form/report carried out at the Delivery Destination. The Company shall not be obliged to deliver any Materials to any Delivery Destination where, in the opinion of the Company (in its absolute discretion), the Delivery Destination or route to the Delivery Destination is unsafe or where the conditions for safe delivery have not been met (including the condition and state of repair of the silo) or in the event of any silo suffering any blockage in whole or in part rendering discharging of the load, in the reasonable opinion of the Company or the delivery driver, unsafe. In this Clause 5.9, "unsafe" shall mean that it poses a risk, actual or potential, to persons, property or the environment.
- 5.10 If the Materials are to be delivered and left on a street or public highway the Trader is responsible for compliance with all laws and regulations and the Trader shall take all measures required to ensure the safety and protection at all times of persons or property. The Trader shall indemnify the Company its agent or contractor against all damages, liabilities, costs, claims, losses or expenses which the Company, its agent or contractor may incur as a result of such delivery.
- 5.11 Subject to Clause 5.12, the Company shall not be liable to a Trader for any Losses whether:
- 5.11.1 direct; or
 - 5.11.2 indirect or consequential (including, for the avoidance of doubt, any liability to any Third Party, pure economic loss, loss of profits, loss of business, and loss of goodwill); or
 - 5.11.3 costs, charges or expenses

resulting from any delay in the delivery of the Materials or failure to deliver the Materials within a reasonable time (whether such delay or failure is caused by the Company's negligence or

otherwise). No delay or failure to deliver the Materials shall entitle the Trader to terminate the Contract unless it continues for 30 days or more.

5.12 Should the Trader not terminate the Contract under Clause 5.11, then any liability of the Company for continued non-delivery shall be limited to either:

5.12.1 supplying Materials equivalent to the delayed or non-delivered Materials, free of charge; or

5.12.2 issuing a credit note in respect of the delayed or non-delivered Materials at the pro rata Contract Price.

5.13 The Trader shall ensure that it provides to the Company the correct site address and contact names for Delivery, and the Company shall have no liability to the Trader where the Company is not given sufficient information to enable it to deliver the Materials to the correct location, or where a neighbouring site to the delivery address accepts the Materials intentionally or unintentionally.

5.14 Where the Trader signs a Delivery Ticket or advice note this shall be conclusive evidence that the Materials have been inspected and accepted in full by the Trader.

5.15 For the avoidance of each and every doubt and without prejudice to any other term of these Conditions, notwithstanding any time or date for Delivery which the Company may have confirmed with the Trader, the Company gives no guarantee, assurance or warranty of the quality of Materials which may be capable of being delivered to our Delivery Destination or collected from a Third Party Site.

6. INSPECTION AND SHORTAGES

6.2 If the Trader has a claim for short delivery it must telephone the Company as soon as reasonably practicable and shall then advise the Company in writing within 48 hours of Delivery of any such claim (the "Notice Procedure"). The Trader shall use reasonable endeavours to assist the Company in verifying a reported shortfall including the Trader providing the Company with access to CCTV footage or personnel involved in the Delivery

6.3 If the Notice Procedure is not followed the Materials will be deemed to have been Delivered in the quantities shown on the Delivery Ticket or, where there is no Delivery Ticket containing such

6.4 Subject to Clauses 6.2 and 6.3 above, the Company's liability to a Trader for any shortfall is limited to:

6.4.1 making good the shortfall within a reasonable time; or

6.4.2 issuing a credit note for the shortfall at the pro rata Contract Price.

6.5 The Trader must also follow the Notice Procedure where it is or would have been apparent on a reasonable inspection at the time of Delivery that the Materials are not in conformity with the Contract. 6.6 The Company shall not be obliged to provide to the Trader copies of any Delivery Tickets which are, at the time of the request from the Trader, more than six months old.

7. RISK AND TITLE
